

WELCOME BACK! 9/29/2020 Update

Please Help Us Reopen Brady's Safely.

These certainly are strange times. The hospitality industry looks very different these days. While we are so very eager to see all of our beloved customers again, **we must put safety before everything else**. We ask that you be patient with us while we navigate these uncharted waters. Below are some changes you may notice when dining at Brady's.

- **Significantly Fewer Tables** To comply with government mandates all of our chairs are 6ft apart in between tables.
- **Masks** Employees must wear masks at all times when interacting with guests or each other. Customers must have a face covering at all times except when seated at the table per guidelines set by the Commonwealth of Massachusetts.
- **Menu Changes** As food prices continue to increase, we've had to make some tough decisions. We all agreed that quality wasn't something we were willing to sacrifice. You may notice slight fluctuations in product availability and pricing. Please understand while we do our best to adapt to this everchanging market.
- **Reservations** We are strongly encouraging our guests to make reservations prior to visiting. A cell phone number will be required for all parties dining with us. We ask that you call when you arrive and remain in your vehicle until you receive a text or call that your table is ready.
- **Let Us Know** So much of our job is anticipating the needs of our guests; having everything they may need before they even ask. To cut down on cross contamination we will only be providing water, condiments, wine menus, etc upon request. We are more than happy to bring over anything you may need, just let us know.
- **Parties** At this time we are unable to allow parties of more than **10 people** to dine together. We will update our policies periodically to reflect the states mandates.
- **Taking it slow** Just as we are encouraging social distancing amongst our guests, we will also be implementing social distancing protocols in our kitchen. We will not have a full crew and would very much appreciate your patience as your food may take a little longer to get to your table. But we promise it will be worth the wait! You may also notice an empty table here and there even though the hostess told you your table wasn't yet ready. Let us explain; to keep quality at the utmost top of our priorities, we will be significantly limiting what we throw at our waitstaff and kitchen. Until we are fully comfortable navigating the "new normal" we feel this is the safest way to proceed.
- **Take Out** Massachusetts has begun allowing restaurants to offer beer and wine to go. So, grab a bottle of wine, a few cans of your favorite craft beer, or a growler of draft with your Brady's take out!

Please Don't Yelp. Let Us Help!

This is new territory for all of us. If you have any questions you'd like answered, suggestions on how we can improve, or have any concerns, please let us know in person.

Thank you!
